Most Chevrolet Parts and Accessories sold and installed on a Chevrolet vehicle by a Chevrolet Dealer or a Chevrolet-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable portion (Bumper-to-Bumper, Powertrain, etc.) of the New Vehicle Limited Warranty. If Chevrolet Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Chevrolet Parts sold over the counter, or those not requiring installation, will continue to receive the standard GM Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. Does not apply to Associated Accessories. See your dealer for details. Some vehicles are shown with equipment from an independent supplier. GM Licensed and Associated Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers.
