

## DEFEND YOUR ALL-NEW SIERRA FROM THE DAILY GRIND

Manufactured from strong, durable UV-protected and OEM-approved paintable plastic. Fender flares from EGR help reduce damage that can occur at the worksite or on the road. Available in two “looks.”

### EGR FENDER FLARE ADVANTAGES:

- Helps protect truck sheet metal from debris
- Robotically trimmed for a precision fit
- The “Bolt-on Look” features real stainless steel bolts for uncompromising detail
- Fits all box sizes
- No drilling required — uses existing OEM holes and/or fasteners
- Lightly textured Black finish
- Easy to paint to match to vehicle, or leave unpainted
- Thicker, 100% UV-stable, OE plastic
- OEM quality hardware
- Limited lifetime warranty\*
- Integrates without removal of factory-installed front mud flap deflector on rear fenders

### RUGGED FENDER FLARES

This rugged look delivers added protection against dirt and road debris, plus widens the rim of the wheel wells. Its bolder appearance provides extended width for better tire coverage and increased height profile.

- 2 inches of additional tire coverage
- 6.5-inch flare height
- .138-inch-thick acrylic-capped ABS

### “BOLT-ON LOOK” FENDER FLARES

With simulated mounting holes inset with stainless steel bolts for a more aggressive look, these flares provide additional width to cover larger, wider tires. The paintable ABS material stands up to all kinds of road debris and weather extremes.

- 2 inches of additional tire coverage
- 6.5-inch flare height
- .138-inch-thick acrylic-capped ABS
